Dr. Kevin Adair **Airway Orthodontics**

March 22 – 23, 2024 Sheraton, Bradley Airport, Windsor Locks, CT

Dr. Kevin Adair is a graduate UC San Francisco School for Dentistry. While practicing general dentistry he discovered his true passion for nontraditional orthodontics and sold his general dental practice to go back to school for a masters in the specialty of orthodontics from the University of the Pacific. Dr. Adair owns 2 private practices located in Fairfield and Rocklin; he also teaches and mentors other doctors. He is an international speaker, co-founder of a study club, Team Airway Study Club, and serves on several orthodontic organizational boards. Dr. Adair has multiple research publications from his time at UC Davis, UCSF, UOP as well as private practice. Dr. Adair's airway-friendly philosophy evaluates the airway and facial balance to achieve improved treatment outcomes.

Dr. Adair's philosophy and views on orthodontics and the possible impacts on the airway will be presented in detail, including a review of research supporting different approaches and current trends. Obstructive sleep apnea will be defined and explored. You will learn about multiple orthodontic techniques and philosophies and gain a deeper knowledge of the mechanics involved for these treatments. Next you will see Dr. Adair's treated cases that were treated with these different modalities. The patients will be presented as case studies for everyone's evaluation and understanding with the goal of learning as a group.

Participants will learn the following:

- ◆ Increased understanding of Sleep Disturbed Breathing
- ◆ Signs to look for on Monday with your own patients
- ◆ The current orthodontic trends
- ◆ A deeper understanding of the effect of orthodontic mechanics
- ◆ Learn about multiple different orthodontic modalities
- ◆ Understand the pros and cons of different mechanics
- ◆ Gain a deeper understanding of what modalities to use for each individual patient

See reverse side for what to bring, how to get credits and further details.

Advanced in person Seminar Course Credits & Case Diagnosis Description

11 Lecture credits

4 Participation credits Saturday 1:00 – 5:00

- Bending appliance wire
- Adjusting various appliance clasps

Participants should bring:

- **Bird Beak plier, a Three Prong Plier, Heavy wire cutters if you have them, Red Wax Pencil**

Case Diagnosis

- **Drs. Adair, DiSantoRose** – will be held **Friday 7:00 – 9:00 PM.**

2 Participation CE credits given to those that attend Friday evening and sign in

Course Breakdown: Since many of our members attend various portions of the weekend on an individual basis the following protocol has been developed to allow the allocation of credits to accurately reflect seminar attendance.

Case Diagnosis: At the heart of our organization has been the evaluation of each other's cases to enhance clinical skills. Accurate records serve as a basis for accurate orthodontic case diagnosis by each dental practitioner.

Orthodontic records include:

1. trimmed orthodontic study models,
2. accurate photographs with proper retraction (occlusal shots taken with mirrors and flipped for proper display),
3. orthodontic clinical exam (includes TMD evaluation),
4. panoramic radiograph,
5. cephalometric radiograph,
6. cephalometric tracing.

The above protocol follows the standard of care for those dental practitioners providing orthodontic services for their patients in the United States. **All course attendees are encouraged to bring cases to case diagnosis with the above records so that we may all provide input into each other's cases.**

The awarding of credits will be as follows:

Course

Fri	8:30 -12:00 AM	3.5 Lecture credits
Fri	1:00 - 5:00 PM	4.0 Lecture credits
Fri Case DX	7:00 - 9:00 PM	2.0 Participation credits
Sat	8:30 -12:00 AM	3.5 Lecture credits
Sat Hands On	1:00 - 5:00 PM	4.0 Participation credits

Lunch Break is on Friday and Saturday from 12:00 – 1:00 PM

Sheraton Room Discount: use the promo code D3168 when you call the hotel or the 800 number for Marriott / Sheraton or you go on their website to make a reservation.

Or book on our website link

- 1) Go to <https://www.iaone.org/location.php> this brings you directly to the Sheraton Bradley reservation screen
- 2) Do not sign in with your Bonvoy Number as this will inactivate this screen and prevent you from getting a room.
- 3) Select your stay dates

Annual Package Plan 2024 - IAONE ADVANCED SEMINARS

We would like to reflect on all the accomplishments of IAONE for the past few years. In addition to the wonderful advanced speakers, we have maintained our school. We are very excited about the schedule of speakers for the upcoming year, our orthodontic training school and our dental assistants' training course. However, it is important for you to support the club by committing to our ANNUAL PACKAGE PLAN so we can continue to bring you the top names in the orthodontic field for our advanced seminars. Check out our website, www.IAONE.org for all the details. Recommend us to a colleague. We will all benefit.

In order to continue our success, we depend on our members for support, cooperation, and participation.

For over 45 years the non-profit IAO New England Study Club has hosted some of the most brilliant lecturers in the field of orthodontics. Our goal is to strongly support our members in all aspects of their orthodontic practices. However, in order to be able to bring you the cutting edge, high level presentations, we need your financial and physical support. Please mark your calendars, and plan on attending the upcoming sessions. By doing so, you will be elevating your wealth of orthodontic knowledge and clinical skills, and helping to preserve our valuable resource; i.e. Our Study Club!!!!

2024

March 22 - 23(#1)

Kevin Adair

Airway Orthodontics

September 27 - 28 (#2)

Sandra Coulson

Relapse Prevention & Myofunctional Tx

Dec 6 - 7 (#3)

Salvatore Lotardo

Ortho for Restorative, Implant, & Esthetic cases

Application for Package Plan 2024

\$300 Annual additional fee paid with this registration

This entitles you to reduced fee of **\$550** per session attended, full participation in case diagnosis sessions [no fee incurred]; and availability of recordings of the seminars [add'l fees apply].

Standard attendance fee: \$800 per weekend session; \$750 early bird registration

I choose to purchase the Package Plan 2024 Enclosed is my payment for \$300

I understand that my fee for each of the seminars I attend will be \$550, regardless of how many days I attend. I may bring cases for diagnosis free of charge and have availability of the recordings.

I choose not to purchase the annual package plan

I agree to pay \$800 per session for all seminars that I attend and I will be charged \$50 per case that I bring to case diagnosis.
